Programme delivery & duration

The duration of the programme is 24 sessions of 2 hours each over a month. Recorded sessions will also be accessible for 48 hrs.

3. Controlled Trades

Hands on experience is always the best method to learn, which is why we will teach you by guiding you through real trades in live markets with real money

and without the fear of making losses. Our mentors will guide you through 40 rule- based “Controlled Trades” based on the core trading strategy taught in CTP Course.

4. Personal Trading Plan

The key to success in trading is to treat trading as a business. The starting point for any business is a sound BUSINESS PLAN. Trading is no different. You need to have personal Trading Plan. Your mentors will guide you in making one. This written plan will define your entry, exit & money management rules.

The plan will:

- Define your trading style
- Evaluate your strengths & weaknesses
- Identify the tools needed to plan trades
- Create your daily Trading Routine
- Define your Risk management strategy & position sizing rules.
- Define Asset classes & instruments for your trading
- Specify your time & capital allocation for trading

5. Post – Training Support & mentorship

At Ignite, you get not only the finest trading education but also a complete handholding to help you become a profitable trader for the next eleven months after the conclusion of your CTP course. The post –training Ignite support includes:
