## I INTRODUCTION

### A. RISK FACTORS

#### Standard Risk Factors:

- Investment in Mutual Fund units involves investment risks such as trading volumes, settlement risk, liquidity risk, default risk including the possible loss of principal
- As the price / value / interest rate of the securities in which the Scheme invests fluctuates, the value of your investment in the scheme can go up or down depending on various factors and forces affecting capital markets and money markets.
- Past performance of the Sponsor/ AMC/ Mutual Fund does not guarantee the future performance of the Scheme.
- The Scheme does not in any manner indicate its quality or its future prospects and returns.
- The Sponsor is not responsible or liable for any loss resulting from the operation of the Scheme beyond the initial contribution of Rs. 1.00 lakh made by it towards setting up the Mirae Asset Mutual Fund.
- The present scheme is not a guaranteed or assured return scheme. In addition, the scheme does not guarantee or assure any dividend and also does not guarantee or assure that it will make any dividend distribution, though it has every intention to make the same in the dividend option. All dividend distributions will be subjected to the investment performance of the Scheme.

#### Scheme Specific Risk Factors

Some of the specific risk factors related to the Scheme include, but are not limited to the following:

Midcap and small cap stocks gives investor an opportunity to go beyond the usual large cap stocks and may provide possible higher capital appreciation, it is important to note that midcap and small cap stocks may be riskier and more volatile on a relative basis. Therefore, the risk levels of investing in midcap and small cap stocks are more than investing in stocks of large well established companies. It should be noted that over a period of time, large cap, midcap and small cap stocks have demonstrated different levels of volatility and investment returns. And it is important to note that generally, no one category consistently outperforms the others.

**Risks Associated with Equity Investments:**

- Equity and equity related securities are volatile and prone to price fluctuations on a daily basis. The liquidity of investments made in the Scheme may be restricted by trading volumes and settlement periods. Settlement periods may be extended significantly by unforeseen circumstances. The inability of the Scheme to make intended securities purchases, due to settlement problems, could cause the Scheme to miss certain investment opportunities. Similarly, the inability to sell securities held in the Scheme portfolio would result at times, in potential losses to the Scheme, should there be a subsequent decline in the value of securities held in the Scheme portfolio. Also, the value of the Scheme investments may be affected by interest rates, changes in law/ policies of the government, taxation laws and political, economic or other developments which may have an adverse bearing on individual Securities, a specific sector or all sectors.
- Investments in equity and equity related securities involve a degree of risk and investors should not invest in the equity Schemes unless they can afford to take the risk of losing their investment.
- Securities which are not quoted on the stock exchanges are inherently illiquid in nature and carry a larger liquidity risk in comparison with securities that are listed on the exchanges or offer other exit options to the investors, including put options. The AMC may choose to invest in unlisted securities that offer attractive yields within the regulatory limit. This may however increase the risk of the portfolio. Additionally, the liquidity and valuation of the Scheme investments due to its holdings of unlisted securities may be affected if they have to be sold prior to the target date of disinvestment.

**Risk associated with Unlisted Securities:**

Securities which are not quoted on the stock exchanges are inherently illiquid in nature and carry a larger liquidity risk in comparison with securities that are listed on the exchanges or offer other exit options to the investors, including put options. The AMC may choose to invest in unlisted domestic securities that offer attractive yields within the regulatory limit. This may however increase the risk of the portfolio. Additionally, the liquidity and valuation of the Scheme's investments due to its holdings of unlisted securities may be affected if they have to be sold prior to the target date of disinvestment.

**Risks Associated with Debt & Money Market Instruments**

- **Price-Risk or Interest-Rate Risk:** Fixed income securities such as bonds, debentures and money market instruments run price-risk or interest-rate risk. Generally, when interest rates rise, prices of existing fixed income securities fall and when interest rates drop, such prices increase. The extent of fall or rise in the prices is a function of the existing coupon, days to maturity and the increase or decrease in the level of interest rates.
- **Credit Risk:** In simple terms this risk means that the issuer of a debenture/ bond or a money market instrument may default on interest payment or even in paying back the principal amount on maturity. Even where no default occurs, the price of a security may go down because the credit rating of an issuer goes down. It must, however, be noted that where the Scheme has invested in Government securities, there is no credit risk to that extent.
- **Liquidity or Marketability Risk:** This refers to the ease with which a security can be sold at or near to its valuation yield-to-maturity (YTM). The primary measure of liquidity risk is the spread between the bid price and the offer price quoted by a dealer. Liquidity risk is today characteristic of the Indian fixed income market.
- **Reinvestment Risk:** Investments in fixed income securities may carry reinvestment risk as interest rates prevailing on the interest or maturity due dates may differ from the original coupon of the bond. Consequently, the proceeds may get invested at a lower rate.
- **Pre-payment Risk:** Certain fixed income securities give an issuer the right to call back its securities before their maturity date, in periods of declining interest rates. The possibility of such prepayment may

force the fund to reinvest the proceeds of such investments in securities offering lower yields, resulting in lower interest income for the fund.

- **Spread Risk:** In a floating rate security the coupon is expressed in terms of a spread or mark up over the benchmark rate. In the life of the security this spread may move adversely leading to loss in value of the portfolio. The yield of the underlying benchmark might not change, but the spread of the security over the underlying benchmark might increase leading to loss in value of the security.
- **Concentration Risk:** The Scheme portfolio may have higher exposure to a single sector, subject to maximum of 20% of net assets, depending upon availability of issuances in the market at the time of investment, resulting in higher concentration risk. Any change in government policy / businesses environment relevant to the sector may have an adverse impact on the portfolio.
- Different types of securities in which the scheme would invest as given in the SID carry different levels and types of risk. Accordingly the scheme's risk may increase or decrease depending upon its investment pattern. E.g. corporate bonds carry a higher amount of risk than Government securities. Further even among corporate bonds, bonds, which are AA rated, are comparatively more risky than bonds, which are AAA rated.

### **Risks Associated with Derivatives**

The risks associated with the use of derivatives are different from or possibly greater than the risks associated with investing directly in securities and other traditional instruments. Such risks include mispricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices. Trading in derivatives carries a high degree of risk although they are traded at a relatively small amount of margin which provides the possibility of great profit or loss in comparison with the principal investment amount. The options buyer's risk is limited to the premium paid, while the risk of an options writer is unlimited. However the gains of an options writer are limited to the premiums earned. The writer of a call option bears a risk of loss if the value of the underlying asset increases above the exercise price. The loss can be unlimited as underlying asset can increase to any levels. The writer of a put option bears the risk of loss if the value of the underlying asset declines below the exercise price and the loss is limited to strike price.

Investments in futures face the same risk as the investments in the underlying securities. The extent of loss is the same as in the underlying securities. However, the risk of loss in trading futures contracts can be substantial, because of the low margin deposits required, the extremely high degree of leverage involved in futures pricing and the potential high volatility of the futures markets. The derivatives are also subject to liquidity risk as the securities in the cash markets. The derivatives market in India is nascent and does not have the volumes that may be seen in other developed markets, which may result in volatility in the values. For further details please refer to section "Investments Limitations and Restrictions in Derivatives" in this SID.

### **Risk associated with Covered Call**

If the underlying price rises above the strike, the short call loses its value as much as the underlying stock gains and as a result the upside of the stock always gets capped. This is a lost opportunity risk.

a) Writing call options are highly specialized activities and entail higher than ordinary investment risks. In such investment strategy, the profits from call option writing is capped at the option premium, however the downside depends upon the increase in value of the underlying equity shares. This downside risk is reduced by writing covered call options.

b) The Scheme may write covered call option only in case it has adequate number of underlying equity shares as per regulatory requirement. This would lead to setting aside a portion of investment in underlying equity shares. If covered call options are sold to the maximum extent allowed by regulatory authority, the scheme may not be able to sell the underlying equity shares immediately if the view changes to sell and exit the stock.

The covered call options need to be unwound before the stock positions can be liquidated. This may lead to a loss of opportunity, or can cause exit issues if the strike price at which the call option contracts have been written become illiquid. Hence, the scheme may not be able to sell the underlying equity shares, which can lead to temporary illiquidity of the underlying equity shares and result in loss of opportunity.

c) The writing of covered call option would lead to loss of opportunity due to appreciation in value of the underlying equity shares. Hence, when the appreciation in equity share price is more than the option premium received the scheme would be at a loss.

d) The total gross exposure related to option premium paid and received must not exceed the regulatory limits of the net assets of the scheme. This may restrict the ability of Scheme to buy any options.

### **Risk associated with Securities Lending**

Securities Lending is a lending of securities through an approved intermediary to a borrower under an agreement for a specified period with the condition that the borrower will return equivalent securities of the same type or class at the end of the specified period along with the corporate benefits accruing on the securities borrowed.

In case the Scheme undertakes stock lending under the Regulations, it may, at times be exposed to counter party risk and other risks associated with the securities lending. Unitholders of the Scheme should note that there are risks inherent to securities lending, including the risk of failure of the other party, in this case the approved intermediary, to comply with the terms of the agreement entered into between the lender of securities i.e. the Scheme and the approved intermediary. Such failure can result in the possible loss of rights to the collateral put up by the borrower of the securities, the inability of the approved intermediary to return the securities deposited by the lender and the possible loss of any corporate benefits accruing to the lender from the securities deposited with the approved intermediary.

### **Risk associated with Securitized Debt**

Securitized debt papers carry credit risk of the Obligor and are dependent on the servicing of the PTC/Contributions etc. However these are offset suitably by appropriate pool selection as well as credit enhancements specified by Rating Agencies. In cases where the underlying facilities are linked to benchmark rates, the securitized debt papers may be adversely impacted by adverse movements in benchmark rates. However this risk is mitigated to an extent by appropriate credit enhancement specified by rating agencies. Securitized debt papers also carry the risks of prepayment by the obligors. In case of prepayments of securities debt papers, it may result in reduced actual duration as compared to the expected duration of the paper at the time of purchase, which may adversely impact the portfolio yield. These papers also carry risk associated with the collection agent who is responsible for collection of receivables and depositing them. The Investment team evaluates the risks associated with such investments before making an investment decision. The underlying assets in the case of investment in securitized debt could be mortgages or other assets like credit card receivables, automobile/vehicle/ personal/commercial/corporate loans and any other receivables/loans/debt. The risks associated with the underlying assets can be described as under:

Credit card receivables are unsecured. Automobile/vehicle loan receivables are usually secured by the underlying automobile/vehicle and sometimes by a guarantor. Mortgages are secured by the underlying property. Personal loans are usually unsecured.

Corporate loans could be unsecured or secured by a charge on fixed assets/receivables of the company or a letter of comfort from the parent company or a guarantee from a bank/financial institution. As a rule of thumb, underlying assets which are secured by a physical asset/guarantor are perceived to be less risky than those which are unsecured. By virtue of this, the risk and therefore the yield in descending order of magnitude would be credit card receivables, personal loans, vehicle/automobile loans, mortgages and corporate loans assuming the same rating.

Liquidity in Securitized Debt may be affected by trading volumes, settlement periods and transfer procedures. These factors may cause potential losses from being not able to sell the securitized debt instruments at its fair Scheme Information Document - Mirae Asset Midcap Fund

value. Different types of securities in which the scheme would invest as given in the Scheme Information Document carry different levels and types of risks. Accordingly, the scheme's risk may increase or decrease depending upon its investment pattern. e.g. corporate bonds carry a higher amount of risk than government securities. Further, even among corporate bonds, bonds which are AAA rated are comparatively less risky than bonds which are AA rated.

## RISK MITIGATION MEASURES

### Concentration Risk

The Scheme will try and mitigate this risk by investing in large number of companies so as to maintain optimum diversification and keep stock-specific concentration risk relatively low.

### Liquidity Risk

As such the liquidity of stocks that the fund invests into could be relatively low. The fund will try to maintain a proper asset-liability match to ensure redemption / Maturity payments are made on time and not affected by illiquidity of the underlying stocks.

### Risks Associated with Equity Investments:

The scheme has a diversified portfolio to counter the volatility in the prices of individual stocks. Diversification in the portfolio reduces the impact of high fluctuations in daily individual stock prices on the portfolio.

### Risk of investing in unlisted securities

As per SEBI guidelines, not more than 10% of the portfolio can be invested in unlisted securities. Rigorous due diligence is undertaken before any investments are made by the portfolio in unlisted securities, if any.

### Risks Associated with Debt & Money Market Instruments

Credit Risk - The fund has a rigorous credit research process. There is a regulatory and internal cap on exposure to each issuer. This ensures a diversified portfolio and reduced credit risk in the portfolio.

While these measures are expected to mitigate the above risks to a large extent, there can be no assurance that these risks would be completely eliminated.

### Risks Associated with Repo in Corporate Debt

#### 1) Illiquidity Risk

The repo market for corporate debt securities is over the counter (OTC) and illiquid. Hence, repo obligations cannot be easily sold to other parties. Therefore, to mitigate such risks, it has been stipulated that gross exposure to Repo in corporate bonds would be limited to 10% of net assets of the concerned scheme. Further, the tenor of repo would be taken based on nature and unit holders' pattern of the scheme.

#### 2) Counter-party risk

Credit risk would arise if the counter-party fails to repurchase the security as contracted or if counterparty fails to return the security or interest received on due date. To mitigate such risks, the schemes shall carry out repo transactions with only those counterparties, which has a credit rating of 'A1+' or 'AA- and above'. In case of lending of funds as a repo buyer, minimum haircuts on the value of the collateral security have been stipulated, and we would receive the collateral security in the scheme's account before the money is lent to the counter-party. Overall, we would have a limited number of counter-parties, primarily comprising of Mutual Funds, Scheduled Commercial banks, Financial Institutions and Primary dealers. Similarly, in the event of the scheme being unable to pay back the money to the counterparty as contracted, the counter-party may hurriedly dispose of the assets (as they have sufficient margin) and the net proceeds may be refunded to the Scheme. Thus, the Scheme may suffer losses in such cases. Sufficient funds flow management systems are in place to mitigate such risks.

### 3) Collateral Risk (as a repo buyer)

Collateral risks arise due to fall in the value of the security (change in credit rating and/or interest rates) against which the money has been lent under the repo arrangement. To mitigate such risks, we have stipulated the minimum credit rating of the issuer of collateral security.

(‘AA’ for long-term instruments/A1+ for money market instruments), maximum duration of the collateral security (10 years) and minimum haircuts on the value of the security.

#### **Risks associated with investing in Tri-Party Repo through CCIL (TREPS)**

The mutual fund is a member of securities segment and Tri-party Repo trade settlement of the Clearing Corporation of India (CCIL). All transactions of the mutual fund in government securities and in Triparty Repo trades are settled centrally through the infrastructure and settlement systems provided by CCIL; thus reducing the settlement and counterparty risks considerably for transactions in the said segments. CCIL maintains prefunded resources in all the clearing segments to cover potential losses arising from the default member. In the event of a clearing member failing to honour his settlement obligations, the default Fund is utilized to complete the settlement. The sequence in which the above resources are used is known as the “Default Waterfall”. As per the waterfall mechanism, after the defaulter’s margins and the defaulter’s contribution to the default fund have been appropriated, CCIL’s contribution is used to meet the losses. Post utilization of CCIL’s contribution if there is a residual loss, it is appropriated from the default fund contributions of the non-defaulting members. Thus the scheme is subject to risk of the initial margin and default fund contribution being invoked in the event of failure of any settlement obligations. In addition, the fund contribution is allowed to be used to meet the residual loss in case of default by the other clearing member (the defaulting member). However, it may be noted that a member shall have the right to submit resignation from the membership of the Security segment if it has taken a loss through replenishment of its contribution to the default fund for the segments and a loss threshold as notified have been reached. The maximum contribution of a member towards replenishment of its contribution to the default fund in the 7 days (30 days in case of securities segment) period immediately after the aforementioned loss threshold having been reached shall not exceed 5 times of its contribution to the Default Fund based on the last re-computation of the Default Fund or specified amount, whichever is lower. Further, it may be noted that, CCIL periodically prescribes a list of securities eligible for contributions as collateral by members. Presently, all Central Government securities and Treasury bills are accepted as collateral by CCIL. The risk factors may undergo change in case the CCIL notifies securities other than Government of India securities as eligible for contribution as collateral.”

## **B. REQUIREMENT OF MINIMUM NUMBER OF INVESTORS AND MINIMUM HOLDING BY SINGLE INVESTOR**

The Scheme shall have a minimum of 20 investors and no single investor shall account for more than 25% of the corpus of the Scheme. However, if such limit is breached during the NFO of the Scheme, the Fund will endeavor to ensure that within a period of three months or the end of the succeeding calendar quarter from the close of the NFO of the Scheme, whichever is earlier, the Scheme complies with these two conditions. In case the Scheme does not have a minimum of 20 investors in the stipulated period, the provisions of Regulation 39(2)(c) of the SEBI (MF) Regulations would become applicable automatically and accordingly the Scheme shall be wound up and the units would be redeemed at applicable NAV. The two conditions mentioned above shall also be complied within each subsequent calendar quarter thereafter, on an average basis, as specified by SEBI. If there is a breach of the 25% limit by any investor over the quarter, a rebalancing period of one month would be allowed and thereafter the investor who is in breach of the rule shall be given 15 days’ notice to redeem his exposure over the 25% limit. Failure on the part of the said investor to redeem his exposure over the 25% limit within the aforesaid 15 days would lead to automatic redemption by the Mutual Fund on the applicable Net Asset Value on the 15th day of the notice period. The Fund shall adhere to the requirements prescribed by SEBI from time to time in this regard.

## II. INFORMATION ABOUT THE SCHEME

### A. TYPE OF THE SCHEME:

An open ended equity scheme predominantly investing in mid cap stocks

### B. WHAT IS THE INVESTMENT OBJECTIVE OF THE SCHEME?

The investment objective of the scheme is to provide long-term capital appreciation from a portfolio investing predominantly in Indian equity and equity related securities of midcap companies. From time to time, the fund manager may also participate in other Indian equities and equity related securities for optimal portfolio construction. There is no assurance that the investment objective of the Scheme will be realized.

### C. HOW WILL THE SCHEME ALLOCATE ITS ASSETS?

Under normal circumstances, the asset allocation will be as follows:

Types of Instruments	Indicative allocation (% of total assets)		Risk Profile
	Minimum	Maximum	
Equities and equity related securities* of midcap companies**	65%	100%	High
Equities and equity related securities other than above	0%	35%	High
Money market instruments / debt securities, Instruments and/or units of debt/liquid schemes of domestic Mutual Funds	0	35%	Low to Medium

\*Equity and Equity related instruments include convertible debentures, equity warrants, convertible preference shares, equity derivatives etc.

Debt instruments include securitized debt upto 20% of corpus.

The scheme can invest upto 50% of Net Assets of Scheme into equity derivative instruments for the purpose of trading, hedging and portfolio rebalancing. However, the aggregate exposure to gross derivatives, debt instruments, money market instruments and equity will not exceed 100% of the net assets of the scheme. The Scheme will not participate in stock lending more than 20% of total Net Assets of the Scheme and would limit its exposure with regard to stock lending for a single intermediary to the extent of 5% of the total net assets at the time of lending.

The Scheme may invest in repo/reverse repo in corporate bonds. The gross exposure of the scheme to 'corporate bonds repo transactions' shall not be more than 10% of the net assets of the concerned scheme.

The scheme shall not engage in short selling and credit default swaps. The scheme shall not invest in any unrated debt instruments. The scheme will not advance any loans. The scheme does not intend to invest in foreign securities.

The cumulative gross exposure to money market instruments, debt instruments will generally not exceed 35% of the Net Assets of the Scheme. However, cash or cash equivalents with residual maturity of less than 91 days shall be treated as not creating any exposure.

\*\* The investment universe of “Large Cap” “Mid Cap” and "Small Cap" shall comprise companies as defined by SEBI from time to time. As per SEBI circular (SEBI / HO/ IMD/ DF3/ CIR/ P/ 2017/ 114) dated October 6, 2017.

- Large Cap: 1st -100th company in terms of full market capitalization
- Mid Cap: 101st -250th company in terms of full market capitalization
- Small Cap: 251st company onwards in terms of full market capitalization

For the purpose of determining these companies, the list of stocks prepared by AMFI in this regard, which would adhere to the SEBI guidelines, will be used. The list would be updated by AMFI every six months based on the market data as on the end of June and December of each year.

The above allocation to market cap segments and definitions are based on the current structure of the stock market and could undergo change in future in accordance with SEBI regulations and guidelines. Subsequent to any updation in the said list as uploaded by AMFI, the portfolio of the Scheme will be rebalanced within a period of one month.

Debt securities include, but are not limited to, debt securities of the Government of India, State and Local Governments, Government Agencies, Statutory Bodies, Public Sector Undertakings, Public Sector Banks or Private Sector Banks or any other Banks, Financial Institutions, Development Financial Institutions, and Corporate Entities, collateralized debt securities or any other instruments as may be prevailing and permissible under the Regulations from time to time).

The debt securities (including money market instruments) referred to above could be fixed rate or floating rate, listed, unlisted, privately placed, among others, as permitted by regulation.

The Scheme may invest in the schemes of Mutual Funds (including ETFs) in accordance with the applicable extant SEBI (Mutual Funds) Regulations as amended from time to time.

Pending deployment of funds of a Scheme in securities in terms of investment objectives of the scheme a mutual fund can invest the funds of the Scheme in short term deposits of scheduled commercial banks in terms of SEBI circular dated April 16, 2007 and June 23, 2008.

Further, the Scheme may, pending deployment of funds invest in units of money market/liquid schemes of Mirae Asset Mutual Fund and/or any other mutual fund. Such investments will be within the limits specified under SEBI (MF) Regulations. The AMC shall not charge any investment management fees with respect to such investment.

Subject to SEBI (MF) Regulations, the asset allocation pattern indicated above may change from time to time, keeping in view market conditions, market opportunities, applicable regulations and political and economic factors. It must be clearly understood that the percentages can vary substantially depending upon the perception of the Investment Manager; the intention being at all times to seek to protect the interests of the Unit holders. Such changes in the investment pattern will be for short term and for defensive consideration only. In the event of deviations, portfolio rebalancing will be carried out within 30 calendar days. Where the portfolio is not rebalanced within 30 calendar days, justification for the same shall be placed before the Investment Committee and reasons for the same shall be recorded in writing. The Investment Committee shall then decide on the course of action. However, at all times the portfolio will adhere to the overall investment objectives of the Scheme.

**(iii) Terms of Issue:****(c) Aggregate fees and expenses charged to the scheme:**

For detailed fees and expenses charged to the scheme please refer to section 'Fees and Expenses'.

- (d) The Scheme does not provide any safety net or guarantee to the investors. There is no assurance OR guarantee of returns.

**Change in the fundamental attributes of the Schemes:**

In accordance with Regulation 18(15A) of the Regulations, the Trustee shall ensure that no change in the fundamental attributes of the Scheme or the Fund or the fees and expenses payable or any other change which would modify the Scheme and affect the interest of the Unit Holders will be carried out unless:

- A written communication about the proposed change is sent to each Unit Holder and an advertisement is given in one English daily newspaper having nationwide circulation as well as in a Marathi daily newspaper with wide circulation published in Mumbai (as the head office of the Fund is situated there); and
- The Unit holders are given an option to exit for a period of 30 days to exit at the prevailing Net Asset Value without any exit Load.

**Overview of Debt Markets in India**

Indian fixed income market, one of the largest and most developed in South Asia, is well integrated with the global financial markets. Screen based order matching system developed by the Reserve Bank of India (RBI) for trading in government securities, straight through settlement system for the same, settlements guaranteed by the Clearing Corporation of India and innovative instruments like Triparty repo have contributed in reducing the settlement risk and increasing the confidence level of the market participants.

The RBI reviews the monetary policy six times a year giving the guidance to the market on direction of interest rate movement, liquidity and credit expansion. The central bank has been operating as an independent authority, formulating the policies to maintain price stability and adequate liquidity. Bonds are traded in dematerialized form. Credit rating agencies have been playing an important role in the market and are an important source of information to manage the credit risk.

Government (Central and State) is the largest issuer of debt in the market. Public sector enterprises, quasi government bodies and private sector companies are other issuers. Insurance companies, provident funds, banks, mutual funds, financial institutions, corporates and FPIs are major investors in the market. Government loans are available up to 40 years maturity. Variety of instruments available for investments including plain vanilla bonds, floating rate bonds, money market instruments, structured obligations and interest rate derivatives make it possible to manage the interest rate risk effectively.

Indicative levels of the instruments currently trading as on June 07, 2019 are as follows:

Instrument	Maturity	Tenure	Yield	Liquidity
Triparty repo / Repo	Short	Overnight/Call Money	5.7398	Very High
		3 months CD	6.72	
		1 Year CD	6.22	
Central Government securities	Low to High	10 years	6.974	Medium

## **D. WHERE THE SCHEME WILL INVEST?**

### **Equity and Equity Related Instruments:**

The Schemes will predominantly invest in Equity and Equity related instruments of mid cap companies (101st -250th company in terms of full market capitalization). From time to time, the fund manager may also participate in other Indian equities and equity related securities for optimal portfolio construction.

Equity include convertible debentures, equity warrants, convertible preference shares, equity derivatives etc.

1. Equity share is a security that represents ownership interest in a company.
2. Equity Related Instruments are securities which give the holder of the security right to receive Equity Shares on pre-agreed terms. It includes equity warrants.

The Scheme may take derivatives position based on the opportunities available subject to the guidelines issued by SEBI from time to time and in line with the overall investment objective of the Scheme. These may be taken to hedge the portfolio, rebalance the same or to undertake any other strategy as permitted under the SEBI Regulations

### **Debt & Money Market Instruments:**

The Scheme will invest in debt and money market instruments. It retains the flexibility to invest across all the securities in the debt and money markets.

Debt securities and Money Market Instruments will include but will not be limited to:

- a. Securities created and issued by the Central and State Governments as may be permitted by RBI (including but not limited to coupon bearing bonds, zero coupon bonds and treasury bills).
- b. Securities guaranteed by the Central and State Governments (including but not limited to coupon bearing bonds, zero coupon bonds and treasury bills).
- c. Debt securities of domestic Government agencies and statutory bodies, which may or may not carry a Central/State Government guarantee.
- d. Corporate debt (of both public and private sector undertakings).
- e. Obligations/ Term Deposits of banks (both public and private sector) and development financial institutions.
- f. Money market instruments permitted by SEBI/RBI, or in alternative investment for the call money market as may be provided by the RBI to meet the liquidity requirements.
- g. Certificate of Deposits (CDs).
- h. Commercial Paper (CPs). A part of the net assets may be invested in the Tri-party repo or in an alternative investment as may be provided by RBI to meet the liquidity requirements.
- i. The non-convertible part of convertible securities.
- j. Any other domestic fixed income securities as permitted by SEBI / RBI from time to time.
- k. Any other instruments/securities, which in the opinion of the fund manager would suit the investment objective of the scheme subject to compliance with extant Regulations.

The Investment Manager will invest only in those debt securities that are rated investment grade by a domestic credit rating agency authorized to carry out such activity, such as CRISIL, ICRA, CARE, FITCH, etc. The securities may be acquired through Initial Public Offerings (IPOs), secondary market operations, private placement, rights offer or negotiated deals.

The Scheme shall not enter into any repurchase and reverse repurchase obligations in all securities held by it. The scheme does not intend to invest into any credit default swaps.

The Scheme may invest in other schemes managed by the AMC or in the schemes of any other mutual funds, provided it is in conformity with the investment objectives of the Scheme and in terms of the prevailing SEBI (MF) Regulations. As per the SEBI (MF) Regulations, no investment management fees will be charged for such investments and the aggregate inter scheme investment made by all the schemes of Mirae Asset Mutual Fund or in the schemes of other mutual funds shall not exceed 5% of the net asset value of the Mirae Asset Mutual Fund.

### Investment in Derivatives:

#### Concepts and Examples of investing into Derivatives

Derivatives are financial contracts of pre-determined fixed duration, whose values are derived from the value of an underlying primary financial instrument, commodity or index, such as: interest rates, exchange rates, commodities and equities.

- **Futures**

A futures contract is an agreement between the buyer and the seller for the purchase and sale of a particular asset at a specific price on a specific future date. The price at which the underlying asset would change hands in the future is agreed upon at the time of entering into the contract. The actual purchase or sale of the underlying asset involving payment of cash and delivery of the instrument does not take place until the contracted date of delivery. A futures contract involves an obligation on both the parties to fulfill the terms of the contract.

Currently, futures contracts have a maximum expiration cycle of 3-months. Three contracts are available at any time for trading, with 1 month, 2 months and 3 months expiry respectively. Futures contracts typically expire on the last Thursday of the month. For example, a contract with the January expiration expires on the last Thursday of January.

A futures contract on the stock market index gives its owner the right and obligation to buy or sell the portfolio of stocks characterized by the index. Stock index futures are cash settled; there is no delivery of the underlying stocks.

Let us assume that the Nifty Index at the beginning of the month October 2018 was 5070 and three index futures as under were available:

Expiry Month	Bid Price	Offer Price
October 18	5075	5080
November 18	5085	5090
December 18	5095	5100

The Scheme could buy an index future of October, 2018 at the offer price of Rs. 5080. The Fund will be required to pay the initial margin as required by the exchanges.

The following is a hypothetical example of a typical trade in index future and the costs associated with the trade.

Particulars	Index Future	Actual Purchase of Stocks
Index as on beginning October 2018	5070	5070
October 2015 Futures Price	5080	-
1. Carry Cost associated with Futures	10 (5080-5070)	
2. Brokerage Cost @ 0.02% for Index Future and 0.03% for Cash Markets	1.016 (0.02% of 5080)	1.521 (0.03% of 5070)
3. Securities Transaction Tax (STT) STT on purchase of index futures – NIL STT on purchase of stocks – 0.025%	NIL (0% of 5080)	1.2675 (0.025% of 5070)
4. Gain on Surplus Funds (Assumed 6% returns on 75% of the money left after paying margin of 25%)	18.74 (6%*(100% of 5070 – 25% of 5080)*30/365)	NIL
Spot Market Price at the expiry of October Contract	5569	5569
5. Brokerage Cost on Sale @ 0.02% for Index Future and 0.03% for Cash Markets	1.114 (0.02% of 5569)	1.671 (0.03% of 5569)
6. Securities Transaction Tax STT on sale of index future – 0.025% STT on sale of stocks – 0.025%	1.114 (0.025% of 5569)	1.392 (0.025% of 5569)
Total Cost (1+2+3-4+5+6)	-5.50	5.85

Please note that the above example is based on assumptions and is used only for illustrative purposes (including an assumption that there will be a gain pursuant to investment in index futures). As can be seen in the above example, the costs associated with the trade in futures are less than that associated with the trade in actual stock. Thus, in the above example the futures trade seems to be more profitable than the trade in actual stock. However, buying of the index future may not be beneficial as compared to buying stocks if the execution and brokerage costs on purchase of index futures are high and the return on surplus funds are low. The actual returns may vary based on actuals and depends on final guidelines / procedures and trading mechanism as envisaged by stock exchanges and other regulatory authorities.

- **Options**

An option is a contract which provides the buyer of the option (also called the holder) the right, without the obligation, to buy or sell a specified asset at an agreed price on or upto a particular date. For acquiring this right the buyer has to pay a premium to the seller. The seller on the other hand has the obligation to buy or sell that specified asset at the agreed price. The premium is determined considering number of factors such as the underlying asset's market price, the number of days to expiration, strike price of the option, the volatility of the underlying asset and the risk less rate of return. The strike price, the expiration date and the market lots are specified by the exchanges.

An option contract may be of two kinds, viz., a call option or a put option. An option that provides the buyer the right to buy is a call option. The buyer of the call option (known as the holder of the option) can call upon the seller of the option (known as writer of the option) and buy from him the underlying asset at the agreed price at any time on or before the expiry date of the option. The seller of the option has to fulfill the obligation on exercise of the option.

The right to sell is called a put option. Here, the buyer of the option can exercise his right to sell the underlying asset to the seller of the option at the agreed price.

Options are of two types: European and American. In a European option, the holder of the option can only exercise his right on the date of expiration. In an American option, he can exercise this right anytime between the purchase date and the expiration date.

### Example of options

**Buying a Call option:** Assume that the Scheme buys a call option at the strike price of Rs. 5,000 and pays a premium of Rs. 100. If the market price of the underlying stock on the date of expiry of the option is Rs. 5,400 (i.e. more than Rs. 5,000 which is the strike price of an option), the Scheme will exercise the option. However, it may not result into profit. The profit is made only in those circumstances when the intrinsic value (5400 (spot price)-5000(strike price)) is greater than cost paid i.e. option premium (100). If on the date of the expiry of the option, the market price of the underlying stock is Rs. 4,900, the Scheme will not exercise the option and it shall lose the premium of Rs. 100.

Thus, in the above example, the loss for the Scheme, as the buyer of the option, is limited to the premium paid by him while the gains are unlimited.

**Writing a Call Option:** Assume that the Scheme writes a call option at the strike price of Rs. 5,000 and earns a premium of Rs. 100. If the market price of the underlying stock on the date of expiry increases to Rs. 5,400 (i.e. more than Rs. 5,000) then the option is exercised. The Scheme earns the premium of Rs. 100/- but loses the difference between the market price and the exercise price i.e. Rs. 400/-. In case the market price of the underlying stock decreases to Rs. 4,900, the Scheme gets to keep the premium of Rs.100.

**Buying a Put Option:** Assume that the Scheme buys a put option at the strike price of Rs. 5,000 and pays a premium of Rs. 100. If the market price of the underlying stock decreases to Rs. 4,850 (i.e. less than strike price of 5000) the Scheme would be protected from the downside and would exercise the put option. However, it may not result into profit. The profit is resulted only when the intrinsic value (5000 (strike price)- 4850(spot price)) is greater than the cost paid i.e. option premium of 100. Whereas if the stock price moves up to say Rs. 5,150 the Scheme may let the option expire and forego the premium.

A forward contract is a transaction in which the buyer and the seller agree upon the delivery of a specified quality (if commodity) and quantity of underlying asset at a predetermined rate on a specified future date.

Please note that the above examples are based on assumptions and are used only for illustrative purposes.

Risks associated with investment strategy which may be followed by the fund managers for investment in derivatives:

Execution of investment strategies depends upon the ability of the fund manager to identify such opportunities which may not be available at all times. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of fund manager may not always be profitable.

The Scheme may face execution risk, whereby the rates seen on the screen may not be the rate at which the ultimate execution of the derivative transaction takes place.

### **Investments in Scheme by AMC, Sponsor or their Affiliates**

Under Regulation 28(4) of the SEBI (MF) Regulations, 1996 inserted by Gazette Notification No. LADNRO/Gn/2014-15/01 dated May 06, 2014, the AMC has invested in the Direct Plan – Growth option of the Scheme and such investment will not be redeemed unless the Scheme is wound up.

In addition to investments as mandated under Regulation 28(4) of the Regulations as mentioned above, the AMC, may invest in the scheme during the continuous offer period subject to the SEBI (MF). As per the existing SEBI (MF) Regulations, the AMC will not charge investment management and advisory fee on the investment made by it in the scheme. The Sponsor, Trustee and their associates or affiliates may invest in the scheme on an ongoing basis subject to SEBI (MF) Regulations & circulars issued by SEBI and to the extent permitted by its Board of Directors from time to time.

### **E. WHAT ARE THE INVESTMENT STRATEGIES?**

As per investment objective, the Scheme shall follow a predominantly Midcap strategy with a minimum exposure of 65% to Mid-Cap equity and equity related instruments. The Scheme may also seek participation in other equity and equity related securities to achieve optimal portfolio construction.

The Investment Manager will select equity securities on a bottom-up, stock-by-stock basis. The focus would be to build a portfolio of strong growth companies, reflecting our most attractive investment ideas at all points of time.

The universe of stocks will comprise majorly of companies having robust business models, enjoying sustainable competitive advantages as compared to their competitors and have high return ratios.

The Fund Manager will create a robust portfolio to avoid concentration risk and liquidity risk. The Fund Managers will monitor the trading volumes in a particular stock before investment to avoid liquidity risk.

#### **Covered Call Option**

A call option gives the holder (buyer) the right but not the obligation to buy an asset by a certain date for a certain price. Covered calls are an options strategy where a person holds a long position in an asset and writes (sells) call options on that same asset.

#### **Benefits of using Covered Call strategy in Mutual Funds:**

The covered call strategy can be followed by the Fund Manager in order to hedge risk thereby resulting in better risk adjusted returns of the Scheme. The strategy offers the following benefits: a) Hedge against market risk - Since the fund manager sells a call option on a stock already owned by the mutual fund scheme, the downside from fall in the stock price would be lower to the extent of the premium earned from the call option. b) Generating additional returns in the form of option premium in a range bound market. Thus, a covered call strategy involves gains for unit holders in case the strategy plays out in the right direction

**Illustration:**

As on 01st Mar 2019

Prices in INR

Strategy	Total Quantity	Price
Stock XYZ in the portfolio	10000	500
Sold Call Option (Mar 2019 Expiry on the stock XYZ with the strike price at 550)	500	10

Payoffs	Payoff from the Call option	Impact on the portfolio due to the covered call strategy
On the day of Expiry of Options Contract if the stock price is less than or equal to 550	$500 * 10 = 5000$	Extra Income of INR 5000 other than the stock return
On the day of Expiry of Options Contract if the stock price is between 550-560	$500 * (10 - \text{price more than } 550)$	Extra Income between INR 0 to 5000 other than the stock return depending on the price above 550 and below 560
On the day of Expiry of Options Contract if the stock price is more than 560	$500 * (560 - \text{stock price})$	Loss on Call options would be such that price appreciation for 500 stock in the portfolio would be negated for the price above 560

The Scheme may take derivatives position based on the opportunities available subject to the guidelines issued by SEBI from time to time and in line with the overall investment objective of the Scheme. These may be taken to hedge the portfolio, rebalance the same or to undertake any other strategy as permitted under the SEBI Regulations. Covered call can benefit generation of income without added market risk. If we make a comparison between covered call and simply owning shares of stock, it demonstrates that income from added covered call discounts the basis in stock, thus reducing market risk.

The risk control measures for managing the equity portion of the scheme are:

Investments made from the net assets of the Scheme would be in accordance with the investment objective of the Scheme and the provisions of the SEBI (MF) Regulations. The AMC will strive to achieve the investment objective by way of a judicious portfolio mix comprising of Debt and Money Market Instruments and equity/ equity related instruments.

### **Risk Mitigation measures for investments in equity / equity related instruments**

- The Scheme's portfolio comprises equity holdings mainly mid cap stocks (at least 65% of the portfolio). The portfolio can also comprise small-cap and large-cap stocks upto 35% of the portfolio. This flexibility of investing in large cap stocks shall aid in managing volatility and also aid reasonable liquidity.
- The Scheme endeavours to have a diversified equity portfolio comprising stocks across various sectors of the economy to reduce sector specific risks.
- Any investments in debt securities would be undertaken after assessing the associated credit risk, interest rate risk and liquidity risk.

The Scheme will also invest in debt securities and money market instruments.

- The credit quality of the portfolio will be maintained and monitored using in-house research capabilities as well as inputs from external sources such as independent credit rating agencies.
- The investment team will primarily use a top down approach for taking interest rate view, sector allocation along with a bottom up approach for security/instrument selection.
- The bottom up approach will assess the quality of security/instrument (including the financial health of the issuer) as well as the liquidity of the security.
- Investments in debt instruments carry various risks such as interest rate risk, reinvestment risk, credit risk and liquidity risk etc. Whilst such risks cannot be eliminated, they may be minimized through diversification.

Risk is an inherent part of the investment function. Effective risk management is critical to fund management for achieving financial soundness. Investments by the Scheme shall be made as per the investment objective of the Scheme and provisions of SEBI (MF) Regulations. AMC has incorporated adequate safeguards to manage risk in the portfolio construction process. Risk control would involve managing risk in order to keep it in line with the investment objective of the Scheme. The risk control process involves identifying & measuring the risk through various Risk Measurement Tools like but not limited to calculating risk ratios, tracking error etc. The AMC has implemented Quantis as the Front Office and Settlement System (FOS). The system has incorporated all the investment restrictions as per SEBI guidelines and "soft" warning alerts at appropriate levels for preemptive monitoring. The system enables identifying & measuring the risk through various risk measurement tools like various risk ratios, average duration and analyzes the same so as to act in a preventive manner.

The risk control measures for managing the debt portion of the scheme are:

1. Monitoring risk adjusted returns performance of the fund with respect to its peers and its benchmark.
2. Tracking analysis of the fund on various risk parameters undertaken by independent fund research / rating agencies or analysts and take corrective measures if needed.
3. Credit analysis plays an important role at the time of purchase of bond and then at the time of regular performance analysis. Our internal research anchors the credit analysis. Sources for credit analysis include Capital Line, CRISIL, ICRA updates etc. Debt ratios, financials, cash flows are analysed at regular intervals to take a call on the credit risk.
4. We define individual limits for G-Sec, money market instruments, MIBOR linked debentures and corporate bonds exposure, for diversification reasons.

The Scheme does not propose to underwrite issuances of securities of other issuers. There will be no exposure to securitized debt securities in the portfolio.

**Policy for Investment decisions**

The investment policy of the AMC has been determined by the Investment Committee (“IC”) which has been ratified by the Boards of the AMC and Trustee. At the strategic level, the broad investment philosophy of the AMC and the authorized exposure limits are spelt out in the Investment Policy of the AMC. During trading hours, the Fund Managers have the discretion to take investment decisions for the Scheme within the limits defined in the Investment Policy, these decisions and the reasons thereof are communicated to the CEO for post facto approval.

The designated Fund Manager(s) of the Scheme will be responsible for taking day-to-day investment decisions and will inter-alia be responsible for asset allocation, security selection and timing of investment decisions.

**Portfolio Turnover Policy**

Portfolio turnover is defined as the aggregate value of purchases or sales as a percentage of the corpus of a scheme during a specified period of time. The Scheme is open ended, with subscriptions and redemptions expected on a daily basis, resulting in net inflow/outflow of funds, and on account of the various factors that affect portfolio turnover; it is difficult to give an estimate, with any reasonable amount of accuracy.

However, during volatile market conditions, the fund manager has the flexibility to churn the portfolio actively to optimize returns keeping in mind the cost associated with it.

**F. FUNDAMENTAL ATTRIBUTES**

Following are the fundamental attributes of the scheme, in terms of Regulation 18(15A) of the SEBI (MF) Regulations:

**(i) Type of Scheme:**

An open ended equity scheme predominantly investing in mid cap stocks

**(ii) Investment Objective:**

The investment objective of the scheme is to provide long-term capital appreciation from a portfolio investing predominantly in Indian equity and equity related securities of midcap companies. From time to time, the fund manager may also participate in other Indian equities and equity related securities for optimal portfolio construction. There is no assurance that the investment objective of the Scheme will be realized

**(iii) Asset allocation:**

Please refer to ‘Section II - C. Asset Allocation and Investment Pattern’ of this SID for details.

**(iii) Terms of Issue:****(a) Listing:**

The Scheme being open ended, the Units are not proposed to be listed on any stock exchange and no transfer facility on the exchange is provided. However, the Trustee reserves the right to list the units as and when open-end Schemes are permitted to be listed under the Regulations, and if the Trustee considers it necessary in the interest of unit holders of the Scheme.

**(b) Redemption of Units:**

The Unit Holder has the option to request for Redemption either in amount in rupees or in number of Units. The minimum redemption amount shall be 'any amount' or 'any number of units' as requested by the investor at the time of redemption request.

**Redemption Price:**

The Redemption Price of the Units is the price at which a Unit Holder can redeem Units of a scheme. It will be calculated as described below:

Redemption Price = Applicable NAV - (Applicable NAV x Exit Load\*)

\* Exit Load, whatever is applicable, will be charged.

Redemption Price will be calculated for up to three decimal places for the Scheme.

For example, if the Applicable NAV of a Scheme is Rs.10.5550, and it has a 2% Exit Load, the Redemption Price will be calculated as follows:

Redemption Price = 10.5550 - (10.5550 X 2.00%) i.e. 10.4550 - 0.2110 = 10.3440

If the Scheme has no Exit Load, the Redemption Price will be equal to the Applicable NAV.

The Securities Transaction Tax levied under the Income Tax Act, 1961, at the applicable rate on the amount of redemption will be reduced from the amount of redemption.

**To illustrate:**

If a Redemption of 4,900 units is sought by the Unit Holder at a Redemption Price of Rs. 10.3440 (as calculated above), the redemption amount is Rs. 50,685.60. Securities Transaction Tax (STT) for instance is 0.001%. This will be further reduced by the STT of Re. 0.50 (i.e. Rs. 50,685.60 x 0.001%), making the net redemption amount Rs. 50,685.10.

If a Redemption of Rs. 10,000 is sought by the Unit Holder at a Net Redemption Price of Rs. 10.3440 (as calculated above), which will give 966.744 Units; the effective redemption amount will be grossed up to Rs. 10,204.08 (i.e. 10,000 ÷ (1-2%)) and 966.744 units (10,204.08 ÷ 10.555) will be redeemed. This is to ensure that the Unit Holder receives the net amount of Rs. 10,000 as desired.

Investors may note that the Trustee has a right to modify the existing Load structure in any manner subject to a maximum as prescribed under the Regulations and with prospective effect only.

Please refer section – LOAD STRUCTURE.

Applicable NAV for Redemption / Switch-Out / Systematic Transfer Plan:

- In respect of valid Redemption applications accepted at a Designated Collection Centre up to 3 p.m. on a Business Day, the NAV of such day will be applicable.
- In respect of valid Redemption applications accepted at a Designated Collection Centre after 3 p.m. on a Business Day, the NAV of the next Business Day will be applicable.

(c) **Aggregate fees and expenses charged to the scheme:**

For detailed fees and expenses charged to the scheme please refer to section 'Fees and Expenses'.

- (d) The Scheme does not provide any safety net or guarantee to the investors. There is no assurance OR guarantee of returns.

**Change in the fundamental attributes of the Schemes:**

In accordance with Regulation 18(15A) of the Regulations, the Trustee shall ensure that no change in the fundamental attributes of the Scheme or the Fund or the fees and expenses payable or any other change which would modify the Scheme and affect the interest of the Unit Holders will be carried out unless:

- A written communication about the proposed change is sent to each Unit Holder and an advertisement is given in one English daily newspaper having nationwide circulation as well as in a Marathi daily newspaper with wide circulation published in Mumbai (as the head office of the Fund is situated there); and
- The Unit holders are given an option to exit for a period of 30 days to exit at the prevailing Net Asset Value without any exit Load.

Fundamental attributes will not cover changes to the Scheme made in order to comply with changes in regulation with which the Scheme has been required to comply.

**G. HOW WILL THE SCHEME BENCHMARK ITS PERFORMANCE?**

The performance of the scheme will be benchmarked to the performance of the NIFTY Midcap 100 (TRI index).

The fund reserves the right to change the said benchmark and/or adopt one/more other benchmarks to compare the performance of the Scheme. The performance of this scheme will be compared with its peers in the Industry. The performance will be placed before the Investment Committee as well as the Board of Directors of the AMC and the Trustee Company in each of their meetings.

**Rationale for adoption of benchmark:**

The NIFTY Midcap 100 index has been chosen as the benchmark as it captures the performance of midcap segment of the market. Since the fund is a midcap fund and has no bias towards sector or market cap allocation, NIFTY Midcap 100 is an appropriate benchmark.

The Trustees may change the benchmark in future if a benchmark better suited to the investment objective of the Scheme is available.

**I. WHAT ARE THE INVESTMENT RESTRICTIONS?**

The following investment limitations and other restrictions, inter-alia, as contained in the Trust Deed and the Regulations apply to the Scheme:

- a. A mutual fund scheme shall not invest more than 10% of its NAV in debt instruments comprising money market instruments and non-money market instruments issued by a single issuer which are rated not below investment grade by a credit rating agency authorised to carry out such activity under the Act. Such investment limit may be extended to 12% of the NAV of the scheme with the prior approval of the Board of Trustees and the Board of directors of the asset management company. Provided that such limit shall not be applicable for investments in Government Securities, treasury bills and collateralized borrowing and lending obligations. Provided further that investment within such limit can be made in mortgaged backed securitised debt which are rated not below investment grade by a credit rating agency registered with the Board
- b. No mutual fund under all its schemes should own more than ten per cent of any company's paid up capital carrying voting rights
- c. Debentures, irrespective of any residual maturity period (above or below one year), shall attract the investment restrictions as applicable for debt instruments.
- d. The Scheme may invest in another scheme under the same asset management company or any other mutual fund without charging any fees, provided that aggregate inter-scheme investment made by all schemes under the management or in schemes under the management of any other asset management company shall not exceed 5% of the NAV of the mutual fund.

- e. Pending deployment of funds of a scheme in securities in terms of investment objectives of the scheme a mutual fund can invest the funds of the scheme in short term deposits of scheduled commercial banks. The investment in these deposits shall be in accordance with SEBI Circular dated April 16, 2007 and June 23, 2008.
- f. The mutual fund shall not borrow except to meet temporary liquidity needs of the mutual funds for the purpose of repurchase, redemption of units or payment of interest or dividend to the unitholders. Provided that the mutual fund shall not borrow more than 20 per cent of the net asset of the scheme and the duration of such a borrowing shall not exceed a period of six months.

As per SEBI Circular SEBI/IMD/CIR No.1/91171/07 dated April 16, 2007:

- g. Total investment of the Scheme in Short term deposit(s) of all the Scheduled Commercial Banks put together shall not exceed 15% of the net assets. However, this limit can be raised upto 20% of the net assets with prior approval of the trustees. Further, investments in Short Term Deposits of associate and sponsor scheduled commercial banks together shall not exceed 20% of total deployment by the Mutual Fund in short term deposits
- h. The Scheme shall not invest more than 10% of the net assets in short term deposit(s), of any one scheduled commercial bank including its subsidiaries.
- i. The Scheme shall not invest in short term deposit of a bank which has invested in that Scheme.
- j. Asset Management Company (AMC) shall not be permitted to charge any investment management and advisory fees for parking of funds in short term deposits of scheduled commercial banks in case of liquid and debt oriented Schemes.
- k. The investments in short term deposits of scheduled commercial banks will be reported to the Trustees along with the reasons for the investment which, inter-alia, would include comparison with the interest rates offered by other scheduled commercial banks. Further, AMC shall ensure that the reasons for such investments are recorded in the manner prescribed in SEBI Circular MFD/CIR/6/73/2000 dated July 27, 2000.
- l. The Scheme will comply with SEBI regulations and any other regulations applicable to the investments of Funds from time to time. The Trustee may alter the above restrictions from time to time to the extent that changes in the regulations may allow. All investment restrictions shall be applicable at the time of making investment.
- m. The above guidelines shall not apply to term deposits placed as margins for trading in cash and derivatives market.
- n. Inter scheme transfers of investments from one scheme to another scheme in the same Mutual Fund shall be allowed only if such transfers are done at the prevailing market price for quoted instruments on spot basis. Explanation -“Spot basis” shall have same meaning as specified by stock exchange for spot transactions. The securities so transferred shall be in conformity with the investment objective of the scheme to which such transfer has been made.
- o. The Mutual Fund shall buy and sell securities on the basis of deliveries and shall in all cases of purchases, take delivery of relative securities and in all cases of sale, deliver the securities and shall in no case put itself in a position whereby it has to make short sale or carry forward transactions or engage in badla finance :

However, the mutual fund shall not engage in short selling of securities. Provided that the mutual fund may engage in securities lending and borrowing in accordance with the framework relating to securities lending and borrowing specified by the Board:

Provided further that a mutual fund may enter into derivatives transactions in a recognized stock exchange, subject to the framework specified by the Board.

Provided further that sale of government security already contracted for purchase shall be permitted in accordance with the guidelines issued by the Reserve Bank of India in this regard.

- p. The Scheme shall get the securities purchased or transferred in the name of the mutual fund on account of the concerned scheme.
- q. The Scheme shall not make any investment in: a) Any unlisted security of an associate or group company of the Sponsor; or b) Any security issued by way of private placement by an associate or group company of the sponsor; or c) The listed securities of group companies of the Sponsor which is in excess of 25% of the net assets.
- r. The scheme shall not make any investment in any fund of funds scheme.
- s. A Mutual Fund Scheme shall not invest more than 10% of its NAV in the equity shares or equity related instruments of any company.
- t. The scheme shall not invest more than 5% of its NAV in the unlisted equity shares or equity related instruments.
- u. The Mutual Fund having an aggregate of securities which are worth Rs.10 crores or more, as on the latest balance sheet date, shall subject to such instructions as may be issued from time to time by SEBI, settle their transactions entered on or after January 15, 1998 only through dematerialized securities. Further, all transactions in government securities shall be in dematerialized form.
- v. In line with SEBI Circular SEBI/HO/IMD/DF2/CIR/P/2019/17 dated January 16, 2019, the Scheme shall (except Index Funds and ETFs) may write call options only under a covered call strategy for constituent stocks of Nifty 50 and BSE Sensex subject to the total notional value (taking into account strike price as well as premium value) of call options written by the scheme shall not exceed 15% of the total market value of equity shares held in that scheme. In case of any passive breach the scheme shall have 7 trading days to rebalance the portfolio. During the rebalancing period, no additional call options can be written in the said scheme.
- w. The total number of shares underlying the call options written shall not exceed 30% of the unencumbered shares of a particular company held in the scheme. The unencumbered shares in a scheme shall mean shares that are not part of Securities Lending and Borrowing Mechanism (SLBM), margin or any other kind of encumbrances.
- x. In case a Mutual Fund scheme needs to sell securities on which a call option is written under a covered call strategy, it must ensure compliance with paragraphs (v) and (w) above while selling the securities.
- y. In no case, the scheme shall write a call option without holding the underlying equity shares. A call option can be written only on shares which are not hedged using other derivative contracts.
- z. The premium received shall be within the requirements prescribed in of SEBI circular dated August 18, 2010 i.e. the total gross exposure related to option premium paid and received must not exceed 20% of the net assets of the scheme.

### Investments Limitations and Restrictions in Derivatives

In accordance with SEBI Circular dated August 18, 2010, the following investment restrictions shall apply with respect to investment in Derivatives:

7	Derivatives transactions shall be disclosed in the half-yearly portfolio / annual report of the schemes in line with requirements under SEBI Regulations.								

Apart from the investment restrictions prescribed under SEBI (MF) Regulations, the Fund does not follow any internal norms vis-à-vis limiting exposure to a particular scrip or sector etc.

### Participation in Repo in Corporate Debt

In accordance with SEBI Circulars No. CIR/IMD/DF/19/2011 dated November 11, 2011 and CIR/IMD/DF/23/2012 dated November 15, 2012 on 'Participation of mutual funds in repo in corporate debt securities', Mirae Asset Mutual Fund shall participate in repo transactions in Corporate Debt Securities within the following overall framework, as per the guidelines of Securities and Exchange Board of India and Boards of Mirae Asset Trustee Co. Pvt. Ltd. & Mirae Asset Global Investments (India) Pvt. Ltd.

### **(A) Gross Exposure Norms**

- (i) The gross exposure of the scheme to ‘corporate bonds repo transactions’ shall not be more than 10% of the net assets of the concerned scheme.
- (ii) The cumulative gross exposure through repo transactions in corporate debt, equity, debt and derivative positions should not exceed 100% of the net assets of the Scheme. However, cash or cash equivalents with residual maturity of less than 91 days shall be treated as not creating any exposure.
- (iii) In addition to investment restrictions specified in SEBI (Mutual Funds) Regulations 1996, the counter-party exposure in a scheme, considering the investments held in the debt securities and value of collaterals held through repo transactions (as a lender), shall not be more than 10% of the Net Assets of the Scheme.

### **(B) Category of the counter-party to be considered for making investment**

Eligible Counterparties: In accordance with the RBI Circular No. RBI/2009- 10/284 idmd.dod.05/11.08.38/2009- 10 dated January 8, 2010, the following categories of entities shall be deemed to be the eligible counterparties to undertake repo transactions in corporate debt securities, provided, they form part of the Fixed Income Investment Universe of Mirae Asset Mutual Fund, and subject to execution of master repo agreement:

- i) Any scheduled commercial bank excluding RRBs and LABs;
- ii) Any Primary Dealer authorized by the Reserve Bank of India;
- iii) Any non-banking financial company registered with the Reserve Bank of India (other than Government companies as defined in section 617 of the Companies Act, 1956);
- iv) All-India Financial Institutions, namely, Exim Bank, NABARD, NHB and SIDBI;
- v) Other regulated entities, subject to the approval of the regulators concerned, viz.,
  - (1) Any mutual fund registered with the Securities and Exchange Board of India;
  - (2) Any housing finance company registered with the National Housing Bank; and
  - (3) Any insurance company registered with the Insurance Regulatory and Development Authority.
- vi) other entities specifically permitted by the Reserve Bank.

### **(C) Credit Rating of Counterparty to be considered for making investment**

The scheme/s shall carry out repo transactions with only those counterparties, who have a credit rating of ‘AA and above’ (Long term rating) or ‘A1+’ (Short term rating) which are part of our approved Debt Universe on which we have approved Credit Limits.

### **(D) Tenor of Repo**

As a repo seller, the scheme/s can borrow for a period not more than six months as per the existing Regulation 44(2) of the SEBI (Mutual Funds) Regulations, 1996. As a repo buyer, the scheme/s can lend for a maximum period of one year, subject to provision/s of the Scheme Information Document (SID).

### **(E) Tenor and Credit Rating of the Collateral**

The scheme/s shall participate in repo transactions in Corporate Bonds rated ‘AA and above’ (‘A1+’ in respect of money market instruments). The tenor of the collateral shall not be more than 10 years.

**(F) Minimum Haircut**

Haircut/ margins will be decided either by the clearing house or may be bilaterally agreed upon, in terms of the documentation governing repo transactions, subject to the following stipulations:

Listed corporate bonds and debentures shall carry a minimum haircut of 2% of market value. Additional haircut may be charged based on tenor and illiquidity of the security.

CPs and CDs shall carry a minimum haircut of 1.5% of market value.

Securities issued by a local authority shall carry a minimum haircut of 2% of market value. Additional haircut may be charged based on tenor and illiquidity of the security.

The above are minimum stipulated haircuts where the repo period is overnight or where the re-margining frequency (in case of longer tenor repos) is daily. In all other cases, Fund Manager may adopt appropriate higher haircuts.

**J. HOW HAS THE SCHEME PERFORMED?**

This Scheme is a new scheme and does not have any performance track record.

**III UNITS AND OFFER**

This section provides details you need to know for investing in the scheme.

**A. NEW FUND OFFER**

Dividend Policy	<p>A dividend may be declared by the Trustee, at its discretion, from time to time (subject to the availability of distributable surplus as calculated in accordance with the Regulations). Such dividends if declared will be paid under normal circumstances, only to those Unit holders who have opted for Dividend Option - Payout. There is no assurance or guarantee to unit holders as to the rate of dividend distribution nor will that dividend be regularly paid. If the Fund declares a dividend under the Scheme, AMC shall</p>																																				

	<p>dispatch the dividend warrants within 30 days from the date of declaration of the dividend. In case the delay is beyond 30 days, then the AMC shall pay interest @15% p.a. from the expiry of 30 days till the date of dispatch of the warrant.</p>
Allotment	<p>Subject to the receipt of the specified minimum subscription amount, full allotment of Units applied for will be made within 5 business days from the date of closure of the NFO Period for all valid applications received during the NFO Period.</p> <p>An account statement will be sent by ordinary post/courier/secured encrypted electronic mail to each Unit Holder, stating the number of Units purchased, not later than 5 business days from the close of the NFO Period.</p> <p>In case of specific request received from investors, Mutual Fund shall provide the account statement to the investors within 5 working days from the receipt of such request without any charges.</p> <p>Allotment of Units and dispatch of Account Statements to FPIs will be subject to RBI approval, if required.</p> <p>For investors who have given demat account details in the application form, the Units issued by the AMC shall be credited by the Registrar to the investors' beneficiary account with the DP as per information provided in the application form and information of allotment will be accordingly sent by the Registrar.</p> <p>Full allotment will be made to all valid applications received during the New Fund Offer Period. Allotment of Units shall be completed not later than five business days after the close of the New Fund Offer Period. The Units will be computed and accounted for up to whole numbers (complete integers) only and no fractional units will be allotted for all Subscriptions/Application Money.</p> <p>If any fractional units are calculated as a result of the switch application, the units in the resultant scheme would be allotted to the extent of the entire such application money from the source scheme and will be computed and accounted for up to 3 decimal places and that no refund shall be paid/refunded to the investor for said such fractional Units. Accordingly the clause for multiples of Re.1 will not be applicable for switch transactions both during the New Fund Offer Period and on On-Going basis.</p>
Pledge of Units for Loans	<p>The Units can be pledged by the Unitholders as security for raising loans subject to the conditions of the lending institution. The Registrar will take note of such pledge (by marking a lien etc.) / charge in its records. Disbursement of such loans will be at the entire discretion of the lending institution and the fund assumes no responsibility thereof.</p>

	<p>The pledger will not be able to redeem Units that are pledged until the entity to which the Units are pledged provides written authorization to the fund that the pledge/lien charge may be removed. As long as Units are pledged, the pledgee will have complete authority to redeem such Units. Decision of the AMC shall be final in all cases of lien marking. In case of Units held in electronic form, the rules of Depository applicable for pledge will be applicable for Pledge/Assignment of the Units of the Scheme. Units held in electronic form can be pledged by completing the requisite forms/formalities as may be required by the Depository.</p>
Refund	<p>If the Schemes fail to collect the minimum subscription amount of Rs. 10 Crores, the Mutual Fund shall be liable to refund the money to the applicants within 5 business days from the closure of the NFO.</p> <p>If application is rejected, full amount will be refunded within 5 business days from the closure of NFO. If refunded later than 5 business days, interest @15% p.a. for delayed period will be paid and charged to the AMC.</p>

<p><b>i. <u>Systematic Investment Plan :</u></b></p> <p>This facility enables investors to save and invest periodically over a longer period of time. It is a convenient way to “invest as you earn” and affords the investor an opportunity to enter the market regularly, thus averaging the acquisition cost of Units. SIP Facility is available only under the Regular Plan and Direct Plan of the Scheme. A minimum period of 25 - 30 days shall be required for registration under SIP. Investors can avail this facility either through Post-dated Cheques (not available during NFO period) OR through ECS (Debit Clearing) of the Reserve Bank of India (RBI) in select cities OR via Direct Debit in select banks /branches only. All the cheques/payment instructions (including the first cheque/payment instruction) shall be of equal amounts. Non MICR/Outstation cheques will not be accepted. MICR Code starting and/ or ending with “000” are not valid for ECS. There is no upper limit for the Purchase for a single cheque/payment instruction or in aggregate. Please note that SIP will be started subject to the realization of the first registration cheque. The AMC reserves the right to reject any application inter alia in the absence of fulfillment of any regulatory requirements, fulfillment of any requirements as per the SID, incomplete/incorrect documentation and furnishing necessary information to the satisfaction of the Mutual Fund/AMC.</p> <p>The conditions for investing in SIP during the NFO &amp; Ongoing Offer Period are as under:</p> <ul style="list-style-type: none"> <li>Investors can enroll themselves for SIP by submitting the enrolment form along with the relevant documents including post-dated cheques/ auto debit instructions along with the first cheque to start SIP and a cancelled cheque or a copy of cheque in case of Electronic Clearing System (ECS) or Instructions for Direct Debit as the case may be at any of our ISC’s. In case of Post Dated Cheques the date of the first cheque shall be dated on or before the date of submission of the application form while the remaining cheques (minimum 5 in case of Monthly) shall be post-dated cheques (dated uniformly initiate SIP on any date ie between 1<sup>st</sup> to 28<sup>th</sup> of the month or quarter).</li> <li>The first installment of the SIP will be processed subject to applicable NAV &amp; load, if any, on the date of submission on any Business Day. The 2<sup>nd</sup> installment in case of monthly SIP will be processed on any SIP dates (1<sup>st</sup> - 28<sup>th</sup> of every month) indicated by the investor, after a gap of 25 to 30 calendar days from the date of processing of the first SIP. If the choice of date for the second installment is not indicated by the investor, the second installment of SIP will be by default processed on the 5<sup>th</sup> of the month. In case of quarterly SIP, the default date for next installment will be 5<sup>th</sup> of the relevant month. If any of above dates falls on a holiday/non-business day, the transaction will be taken as of the next Business Day. At the time of registration of SIP, if the ‘default’ end date is not mentioned by the investor, it will be registered for a default period upto 31st December 2099. The SIP installments shall continue until 31st December, 2099 unless the investor instructs Mirae Asset Mutual Fund to discontinue the SIP. The above change will be applicable for such SIPs which are registered on or after 1st October, 2013. If there is an ambiguity in the enrolment period of the SIP, the second installment of SIP will be by default processed for the SIP date chosen (5<sup>th</sup> of the month if not specified) for a default period of 12 months.</li> </ul>	

- An extension of an existing SIP will be treated as a new SIP on the date of such application, and all the above conditions need to be met with. The load structure prevailing at the time of submission of the SIP application (whether fresh or extension) will apply for all the installments indicated in such application.
- Termination of SIP - For discontinuation of SIP the unit holder / investor should intimate the AMC / ISC at least 15 working days prior to the due date of next cheque / installment. On such request, SIP will be terminated and the balance post-dated cheques will be returned to the investor or the debit instruction given by the investor under ECS or Direct Debit will be cancelled.
- In case of cancellation of a SIP or cheques returned un-cleared for SIP installments or payment instructions not honored, the AMC may reduce the number of Units allotted against the previous installments. As part of the process, units are automatically allotted as per the SIP date(s) and the credit is then checked for the units such allotted; post the status report received for ECS debits to the SIP investor account. Where the credit has not been received or the transaction is a failure transaction, the units so allotted will be reversed/reduced for that particular transaction.
- Any Unit Holder can avail of this facility subject to certain terms and conditions detailed in the Application Form.

**For details on Frequency and minimum applicable amount refer at the end of the VTP section.**

#### **Top-up facility under Systematic Investment Plan (SIP)**

‘SIP Top-Up’ is a facility which will enable investors to increase the amount of SIP installments at pre-defined frequency by a fixed amount during the tenure of SIP.

The features, terms and conditions for availing the ‘SIP Top-Up’ facility shall be as follows:

1- SIP Top-Up facility would be available to all existing and new SIP enrolments. Existing investors who have enrolled for SIP are also eligible to avail Top-Up facility and will be required to submit ‘Systematic Investment Plan (SIP) with Top-up Facility’ at least 25-30 calendar days prior to the Top-Up start month.

2-SIP Top-Up facility can be availed at half yearly and yearly intervals. In case the Top-Up frequency is not specified, Default will be considered as yearly frequency.

3-Minimum Top-Up amount would be Rs.500/- & in multiples of Re. 1/- thereafter for all the schemes of the Fund that offer SIP.

4-In case the investor does not specify Top-Up amount, Rs.500/- will be considered as the Top-Up amount and the request will be processed accordingly.

5-SIP Top-up facility can be started after minimum 6 months from the date of 1st SIP. If the end-date of the Top-up facility is not mentioned the Top-up facility will be continued up till the tenure of the SIP for both New and Existing SIP Investors. For example, if the SIP is registered up till 2099, and the end date of the Top-up facility is not mentioned; then the Top-up will continue till 2099.

6. SIP Top-Up will be subject to minimum SIP investment requirement, as applicable to the eligible schemes from time to time.

7. The Top-up details cannot be modified once enrolled. In order to make any changes, the investor must cancel the existing SIP and enroll for a fresh SIP with Top-up option.

An Illustration: The Top-Up facility will work as follows:

<b>Details of SIP registered</b>	<b>Details of Top-up opted for</b>
<ul style="list-style-type: none"> <li>• Fixed SIP Installment amount: Rs.5,000/-</li> <li>• SIP Period: 01-April-2016 till 31-March-2019 (3 years)</li> <li>• SIP date: 1st of every month (36 installments)</li> </ul>	Example: <ul style="list-style-type: none"> <li>• Top-Up Amount: Rs.1,000/-</li> <li>• Top-Up Frequency: Every 6 months</li> </ul>

Based on above details, SIP Installments shall be as follows:

**ii. Systematic Transfer Plan (STP)**

This facility enables Unit Holders to transfer fixed sums from their Unit accounts in the Scheme to the existing schemes or other schemes launched by the Fund from time to time. The transfer will commence from the date mentioned by the Unit Holder in the Application Form for the facility. A minimum period of 7 days shall be required for registration under STP. The Units will be allotted / redeemed at the Applicable NAV of the respective dates of the Scheme on which such transfers are sought from the Scheme. In case the day on which the transfer is sought is a non-Business Day for the Scheme, then the application for the facility will be deemed to have been received on the immediately following Business Day. The facility of STP will not be available from any existing equity / equity oriented schemes to a non-equity scheme of the Fund. STP is not available for investments under lock-in period and for investments which are pledged.

**Methodology:**

At every installment, the system will check for the Balance amount in the Transferor Scheme with “STP Amount”:

1. If “Balance Amount in the Transferor Scheme” is more than or equal to “2 x STP Amount”, then only the STP amount will be transferred and the balance amount will continue to remain in the Transferor Scheme.
2. If “Balance Amount in the Transferor Scheme” is less than “2 x STP Amount”, the entire Balance Amount in the Transferor Scheme (OUT Scheme) will be switched out in to the Transferee Scheme (IN Scheme).

Further, if there are 3 consecutive failures on account of STP execution from the Transferor Scheme (OUT Scheme), on the designated frequency, STP shall be ceased/terminated for all future installments. The provision relating to “Minimum Redemption Amount” of the designated Transferor Scheme(s) and “Minimum Application Amount” of the designated Transferee Scheme(s) shall not be applicable for such STP executions on a residual note.

Example: If an investor having investment of Rs. 15,000 in Mirae Asset Cash Management Fund (MACMF) starts monthly STP of Rs. 1,000 in Mirae Asset Emerging Bluechip Fund (MAEBF) then,

- If at the time of STP installment, the Balance amount in the MACMF is more than or equal to Rs. 2,000 – only STP Amount of Rs. 1,000 will be transferred to MAEBF
- If at the time of STP installment, the Balance amount in the MACMF is less than Rs. 2,000 – the entire balance amount in MACMF will be transferred to MAEBF.

**For details on Frequency and minimum applicable amount refer the table at the end of the VTP section.**

**iii. MIRAE ASSET VTP (VARIABLE TRANSFER PLAN):**

Mirae Asset VTP is a facility wherein unit holder(s) of designated open-ended Scheme(s) of Mirae Asset Mutual Fund can opt to transfer variable amount(s) linked to value of investments under VTP on the date of transfer at per-determined intervals from designated open-ended Scheme(s) of Mirae Asset Mutual Fund (Transferor Scheme) to the designated open-ended Scheme(s) of Mirae Asset Mutual Fund (Transferee Scheme).

**Schemes eligible for VTP facility:**

**Source Schemes:** Mirae Asset Savings Fund (MASF), Mirae Asset Cash Management Fund

(MACMF).

**Target Scheme:** Mirae Asset Hybrid Equity Fund, Mirae Asset Large Cap Fund, Mirae Asset Emerging Bluechip Fund, Mirae Asset Great Consumer Fund, Mirae Asset Focused Fund and Mirae Asset Midcap Fund.

**Following are the features of Variable Transfer Plan (VTP):**

- Under the Variable Transfer Plan, unit holders will be eligible to transfer:  
Fixed Amount per installment OR the amount as determined by the following formula:-  
[(Fixed amount to be transferred per installment X number of installments including the current installment) - market value of the investments through Variable Transfer Plan in the Target Scheme on the date of transfer] whichever is higher, on the date of transfer.
- The first VTP installment will be processed basis the fixed installment amount specified by the unit holder at the time of enrollment. From the second VTP installment onwards, the transfer amount shall be computed as per formula stated above.
- In case of VTP - Daily, Weekly and Fortnightly Interval, the commencement date shall be within 7 business days from the date of receipt of a valid request.
- For Daily, Weekly, Monthly, Fortnightly or Quarterly VTP falling on a Friday or on any business day where the next day is a non-business day, the NAV applicable shall be the Transaction date i.e. before 3.00 p.m. for both source and the target scheme.
- In order to discontinue the facility, a written request must be submitted at least 7 business days prior to the next applicable transfer date for the selected frequency.
- This facility introduced under the scheme will have the same investment objective, portfolio, liquidity and expense ratio as that of the prevailing plans of the respective schemes.

**Example of Calculation of Installment of Variable Transfer Plan:**

Source Scheme: Mirae Asset Savings Fund

Target Scheme: Mirae Asset Emerging Bluechip Fund

Suppose an investor chose a monthly VTP option from Mirae Asset Savings Fund to Mirae Asset Emerging Bluechip Fund of amount Rs.5000/- and he has already transferred three installments upto date August 1, 2015.

Total units allotted upto the date of last installment i.e. August 1, 2015 is assumed as 1400. The NAV of Mirae Asset Emerging Bluechip Fund - Growth Option on September 2015 is assumed as Rs.9.50 - per unit.

So the market value of investment on the date of transfer is 13,300 (1400 x 9.5). The next installment as per the VTP will be calculated as per the following formulae: Higher of the following, Fixed Amount to be transferred per installment (Rs.5,000/-) OR [(Fixed Amount to be transferred per installment \* Number of Installment including current installment) - Market Value of Target Scheme) = (Rs.5000\*4) - 13,300 = Rs.6,700/-. So Rs.6,700/- will be transferred under the VTP.

**For details on Frequency and minimum applicable amount for SIP, STP and VTP refer the table below:**

Facility	Frequency	Day/Date	Criteria*
STP and VTP	Daily	Monday to Friday	Minimum 5 Transfers of Rs.1000 each and in multiples of Re. 1/- thereafter.
	Weekly	Every Wednesday	
	Fortnightly	Every Wednesday of the alternate week.	
SIP	Monthly	1 <sup>st</sup> – 28 <sup>th</sup>	Minimum balance amount at the time of enrolment of STP and VTP: NIL

<input type="checkbox"/>	Quarterly		
STP and VTP	Monthly	01st, 10th, 15th, 21st, and 28th	
	Quarterly		

**\*Notes:**

Each STP/VTP Installment 'OUT' to / of Mirae Asset Tax Saver Fund will be subject to a lock-in period of three years from the date of allotment of Units proposed to be redeemed. Hence, Mirae Asset Tax Saver Fund shall act as Source Scheme for STP/VTP post completion of the said lock-in period.

**iv. Systematic Withdrawal Plan:**

This facility enables the Unit Holders to withdraw sums from their Unit accounts in the Scheme at periodic intervals through a one-time request. The withdrawals will commence from the Start Date mentioned by the Unit Holder in the Application Form for the facility. A minimum period of 7 days shall be required for registration under SWP. The Units will be redeemed at the Applicable NAV of the respective dates on which such withdrawals are sought. However, if any of the dates on which the redemption is sought is a non-Business Day, the Units will be redeemed at the Applicable NAV of the next Business Day.

**Options available and Minimum Amount Fixed withdrawal:** Investors can withdraw fixed amount of Rs.1,000/- each and above at regular intervals.

SWP is not available for investments under lock-in period and for investments which are pledged.

SWP is not available for investments under lock-in period and for investments which are pledged. The SWP payouts will be processed at the requested frequency. The investor can opt for direct credit of the redemption proceeds to their designated bank accounts. The AMC / MF shall not be responsible if payout through electronic mode(s) does not get affected due to incomplete or incorrect information or any other technical /operational reasons.

The AMC / MF reserve the right to use any other mode of payment as deemed appropriate, however the preferred mode will always be NEFT/RTGS.

In case of Fixed Withdrawal, if the amount of installment is more than the amount available in that account for redemption, the entire available amount will be redeemed and the SWP will terminate automatically.

For applicable load on Redemptions through SWP, please refer section 'LOAD STRUCTURE'.

**v. Interscheme Switching**

The Transaction Slip can be used by investors to make inter-scheme switches (during the NFO Period and the ongoing offer period) within the Fund. All valid applications for switch-out shall be treated as Redemption and for switch-in as Purchases with the respective Applicable NAVs of the Scheme / option.

**vi. Intrascheme Switching**

Investors can switch between different options under the same Plan of the Scheme, at the Applicable NAV. All valid applications for switch-out shall be treated as Redemption and for switch-in as Purchases with the respective Applicable NAVs of the option. As per current Load structure, no Entry or Exit Loads will be charged for intra-scheme switching. However, AMC may change the Loads prospectively as indicated in section on LOAD STRUCTURE FOR THE SCHEME in this Scheme information document.

**vii. Folio Number**

Unless otherwise requested by the Unit Holder, a single folio number may be assigned if an investor invests in different schemes of the Fund, and a consolidated account statement will then be provided for investments in all the schemes.

**iii. Fractional Units**

Since a request for Purchase or Redemption is generally made in rupee amounts and not in terms of a fixed number of Units of the Scheme, an investor may be left with fractional Units. Fractional Units will be computed and accounted for up to three decimal places for the Scheme.

**ix. Consolidation of folios**

In case an investor holds investments in multiple folios under the Fund, the AMC reserves the right to consolidate all the folios belonging to the same investor into one folio.

**x. Transaction through electronic mode**

The AMC may from time to time offer various facilities to the unit holders through electronic mode such as internet, mobile phones, Kiosk, etc. to facilitate transactions in units of the scheme. The AMC may enter into such arrangements / agreements as it may deem fit to give effect to the above.

However, investors intending to take benefit of these facilities should note that they should use these services at their own risk. The Fund, the AMC, the Trustee, along with its directors, employees and representatives shall not be liable for any damages or injuries arising out of or in connection with the use of internet, mobile phones, Kiosk, etc. or its non-use including, without limitation, non-availability or failure of performance, loss or corruption of data, loss of or damage to property (including profit and goodwill), work stoppage, computer failure or malfunctioning, or interruption of business; error, omission, interruption, deletion, defect, delay in operation or transmission, computer virus, communication line failure, unauthorized access or use of information.

**xi. Mirae Asset Group Investment Plan (GRIP):****I. What is Mirae Asset Group Investment Plan (GRIP)?**

**Mirae Asset Group Investment Plan (GRIP)** allows the employer to make investments for employees by investing into select open-ended schemes of Mirae Asset Mutual Fund (except for Exchange Traded Funds).

- Mirae Asset Dynamic Bond Fund (MADBF)
- Mirae Asset Short Term Fund (MASTF)
- Mirae Asset Focused Fund (MASFF)

Investors are required to indicate their choice of Plan and Option at the time of filling up the GRIP Application Form. Please note that if the same is not mentioned, MAMF will allot you units under the Default Option of the scheme as stated below. The minimum investment amount per deduction is

Rs.500/- and in multiples of Re.1/- per month.

The investor has the right to modify the amount for future GRIP deductions or discontinue future GRIP deductions at any time by filling in the form specifically designed for this purpose. The investor will not be entitled to change the scheme. If investor intends to start the SIP in another scheme, then he may fill out a separate form. Please refer to the applicable load structure of the respective schemes at the time of the investment.

### III. Features:

- **Frequency:** Monthly
- The employee authorizes the organization to deduct the SIP amount towards Group SIP from his salary every month and remits it to Mirae Asset Mutual Fund.
- A consolidated Cheque representing all the salary deductions needs to be issued by the Salary Department (along with a list of employees, respective employee codes & respective deduction amount) in favor of Mirae Asset Group SIP Pool A/c.
- The Mutual Fund has an arrangement with select banks as may be intimated by MAMF from time to time to enable direct credit of redemption/dividend proceeds into the bank account of the respective investors who have an account with any of these banks.
- The maximum period for the SIP should be 10 years.
- The employer needs to sign the third party declaration form while making the cumulative SIP investments on behalf of its employees.

### IV. Specific Instruction:

- This form should be submitted at least 5 working days before the salary date.
- Units to be allotted in Physical Mode only. Option to hold units in de-mat mode will not be available.
- All GRIP purchases are subject to realisation of the Cheque/DD remitted by the Salary Department of the Organisation.
- NAV applicability - Units will be Allotted/Redeemed/Transferred at the NAV related prices on the transaction days of every month (or next business day, if the transaction day is a holiday).
- The Employer will upload the data in the agreed format directly through the FTP route. The Karvy Server time will be taken as the time stamp reference number for the purpose of the NAV applicability. The Original form has to be submitted to the AMC/Karvy.
- Investor with Tax Status –NRI will not be able to invest through this option.
- The employee has to be the First/Sole Applicant for the facility.
- Cheque drawn on the bank not participating in the clearing house will not be accepted.
- Payment through Stockinvest, outstation cheques and cash will not be accepted.

PAN/KYC of all holders along with KYC documentary proof to be attached

### xii. **MIRAE ASSET TRIGGER INVESTMENT PLAN (TRIP) facility:**

Mirae Asset Trigger Investment Plan (TRIP) is a facility provided to the Unit holders for the Source scheme(s) to set triggers based on the predetermined event to enable Mirae Asset Mutual Fund to automatically transfer on behalf of the Unit holder(s) the specified percentage of the amount registered in the Source scheme(s) to select Target scheme(s) on the trigger date(s) occurring during the period of 1 year from the date of registration under the Plan.

#### **I. Schemes eligible for TRIP:**

##### **Source Schemes and Target Schemes**

- Mirae Asset Savings Fund (MASF),
- Mirae Asset Cash Management Fund (MACMF).

- Mirae Asset Emerging Bluechip Fund (MAEBF)
- Mirae Asset India Equity Fund (MAIEF)
- Mirae Asset Tax Saver Fund (MATS)\*
- Mirae Asset Hybrid Equity Fund (MAHEF)

\*Mirae Asset Tax Saver Fund shall act as the source scheme subject to completion of 3-year lock in period.

## II. Features of TRIP:

- The minimum Unit holder's account balance or a minimum amount of investment in the Source scheme at the time of enrolment under the Plan should be Rs.50,000/- and in multiples of Rs.1,000/- thereafter. The Unit holders of the Source scheme(s) have to set triggers based on the predetermined event. On occurrence of predetermined events i.e. the trigger date on which the closing value of Index (S&P BSE SENSEX) reaches or crosses the Index level(s) as indicated by the Unit holder(s) in the enrolment form.
- The Fund on behalf of the Unit holders will automatically transfer the specified percentage of the amount registered in the Source scheme(s) to select Target scheme(s) on the trigger date(s).
- The trigger date(s) occurring during the period of 1 year from the date of registration of the Unit holder under the Plan shall only be covered.
- Unit holders under the Plan are offered two enrolment options viz.
- Flexible Installment option and
- Fixed Installment option.
  - Default option - Fixed Installment option.
- **Flexible Installment Option:** The minimum percentage to be indicated against each Index level trigger is 10% and in multiples of 1% thereafter. Investors can choose minimum 1 trigger index level and maximum 4 index levels. The trigger levels chosen should be in multiples of 1%. However, the aggregate of all the levels mentioned should sum upto 100% failing which the application shall be rejected. Also note that if a single index level is indicated then the entire unit balance (100%) will be Switched-Out to the Target Scheme.
- **Fixed Installment Option:** The percentage indicated against each Index level trigger is fixed at 25%. The cumulative percentage under each option must be equal to 100.
- The amount transferred from the Source Scheme to the Target Scheme shall be effected by redeeming units of Source Scheme at Applicable NAV, after payment of Exit Load, if any, and subscribing to the units of the Target Scheme at Applicable NAV. In respect of the enrolments made in the above-mentioned Scheme(s) under the Plan, the Load Structure prevalent at the time of enrolment shall govern the investors during the tenure of the Plan.
- In case the Triggers indicated by the investors remain inactive, the amount will remain parked in the source scheme. In case investors decide to opt out of the facility, they can give a written request to cease the Trigger facility.
- The trigger once activated and processed, becomes inactive.
- On completion of 1 year from the date of registration, in case Nil Triggers or few Triggers are activated, then the balance of the amount registered under the Plan will remain parked in the source scheme.
- Notice of discontinuance from investor shall be made effective within 7 calendar days from the date of receipt of the said request. Triggers, which may get activated until the effective date of discontinuation shall be processed in accordance with the terms, laid herein above.
- The AMC will require at least 7 business days from the date of submission of valid enrolment forms to register the Unit holder under the Plan.
- NAV applicability - For TRIP falling on a Friday or on any business day where the next day is a non-business day, the NAV applicable shall be the transaction date (i.e. before 3.00 p.m.) for both source and the target scheme.

**\*Investors to fill this column with S&P BSE SENSEX levels in multiples of 500 points.**

Assuming the S&P BSE Sensex is trading at 16,700 levels at the time of enrollment. In case, S&P BSE Sensex closes below 16,000 levels after 15 days, as per the illustration, under the fixed installment option of Rs.25,000/- each will be transferred from Mirae Asset Savings Fund automatically to Mirae Asset Large Cap Fund (MALCF). However, if the investor had chosen the flexible investment option Rs.20,000/- will be transferred into target scheme. The remaining triggers remain active till the index reaches or crosses the trigger levels mentioned at the time of enrollment of the form.

The new facility introduced under the scheme will have the same investment objective, portfolio, liquidity and expense ratio as that of the prevailing plans of the respective schemes.

**Know Your Customer (KYC):****Implementation of Central KYC (CKYC):**

The Government of India has authorized *the Central Registry of Securitization and Asset Reconstruction and Security interest of India* (CERSAI, an independent body), to perform the function of Central KYC Records Registry including receiving, storing, safeguarding and retrieving KYC records in digital form.

**NON – INDIVIDUAL INVESTORS:** CKYC is currently not applicable for Non-Individual Investors. All new Non Individual Investors will continue with the old KRA KYC form. Details of net worth are mandatory for Non Individual applicants. Details of net worth shall be of a date which is within one year of the application.

**INDIVIDUAL INVESTORS:**

1. New individual investors who have never done KYC under KRA (KYC Registration Agency) regime and whose KYC is not registered or verified in the KRA system will be required to fill the new CKYC form while investing with the Fund.
2. If any new individual investor uses the old KRA KYC form, then such investor will be required to either fill the new CKYC form or provide the missing/additional information using the Supplementary CKYC form.
3. Investors who have already completed CKYC and have a KYC Identification Number (KIN) from the CKYC platform can invest in schemes of the Fund quoting their designated KIN issued by CKYC on the application form (14 digits for normal accounts and 15 digits for simplified and small accounts). Further, in case the investor's PAN is

	<p>not updated in CKYC system, a self-certified copy of PAN Card shall be mandatory.</p> <p>For KYC Application Forms, please visit our website <a href="http://www.miraeasset.com">www.miraeasset.com</a>. ## D COMPUTATION OF NAV

The NAV of the Units of the Scheme will be computed by dividing the net assets of the Scheme by the number of Units outstanding on the valuation date.

NAV of Units under the Options there under can be calculated as shown below:

$$\text{NAV} = \frac{(\text{Market or Fair Value of Scheme's investments} + \text{Current assets including Accrued Income} - \text{Current Liabilities and provisions including accrued expenses})}{\text{No. of Units outstanding under the Scheme/Option.}}$$

The NAV, the sale and repurchase prices of the Units will be calculated and announced at the close of each working day. The NAVs of the Scheme will be computed and units will be allotted upto 3 decimals.

The NAV calculated as above and Sale/Repurchase rates of units will be published in two newspapers on a daily basis, by way of press release / advertisement.

Computation of NAV will be done after taking into account dividends paid, if any, and the distribution tax thereon, if applicable. Therefore, once dividends are distributed under the Dividend Option, the NAV of the Units under the Dividend Option would always remain lower than the NAV of the Units issued under the Growth Option. The income earned and the profits realized in respect of the Units issued under the Growth Option remain invested and are reflected in the NAV of the Units.

The valuation of the Schemes' assets and calculation of the Schemes' NAVs shall be subject to audit on an annual basis and such regulations as may be prescribed by SEBI from time to time.

## IV FEES AND EXPENSES

This section outlines the expenses that will be charged to the scheme.

### A. NEW FUND OFFER (NFO) EXPENSES

These expenses are incurred for the purpose of various activities related to the NFO like sale and distribution fees paid, marketing and advertising, registrar expenses, printing and stationery, bank charges etc. NFO expenses shall be borne by the AMC.

^ Additional expenses under regulation 52 (6A) (c)	Upto 0.05%
Additional expenses for gross new inflows from specified cities	Upto 0.30%

\*Other expenses: Any other expenses which are directly attributable to the Scheme, may be charged with approval of the Trustee within the overall limits as specified in the Regulations except those expenses which are specifically prohibited.

^ Such expenses will not be charged if exit load is not levied/not applicable to the scheme.

For the actual current expenses being charged, the investor should refer to the website of the Mutual Fund.

\*\*Direct Plan shall have a lower expense ratio excluding distribution expenses, commission, etc. and no commission for distribution of Units will be paid / charged under Direct Plan. The TER of the Direct Plan will be lower to the extent of the abovementioned distribution expenses/ commission which is charged in the Regular Plan.

@@ Brokerage and transaction costs which are incurred for the purpose of execution of trade and is included in the cost of investment shall not exceed 0.12 per cent in case of cash market transactions and 0.05 per cent in case of derivatives transactions.

The purpose of the above table is to assist the investor in understanding the various costs & expenses that the investor in the Scheme will bear directly or indirectly. These estimates have been made in good faith as per the information available to the AMC and the above expenses (including investment management and advisory fees) are subject to inter-se change and may increase/decrease as per actual and/or any change in the Regulations, as amended from time to time.

All scheme related expenses including commission paid to distributors, by whatever name it may be called and in whatever manner it may be paid, shall necessarily be paid from the scheme only within the regulatory limits and not from the books of the Asset Management Companies (AMC), its associate, sponsor, trustee or any other entity through any route.

All fees and expenses charged in a direct plan (in percentage terms) under various heads including the investment and advisory fee shall not exceed the fees and expenses charged under such heads in a regular plan. The TER of the Direct Plan will be lower to the extent of the distribution expenses/commission which is charged in the Regular Plan and no commission for distribution of Units will be paid / charged under the Direct Plan.

The recurring expenses of the Scheme (excluding additional expenses under regulation 52(6A)(c) and additional distribution expenses for gross inflows from specified cities), as per SEBI Regulations are as follows:

- (i) On the first Rs. 500 crores of the daily net assets - 2.25%
- (ii) On the next Rs. 250 crores of the daily net assets - 2.00%
- (iii) On the next Rs. 1250 crores of the daily net assets – 1.75%
- (iv) On the next Rs. 3000 crores of the daily net assets – 1.60%
- (v) On the next Rs. 5000 crores of the daily net assets – 1.50%
- (vi) On the next Rs. 40,000 crores of the daily net assets – Total expense ratio reduction of 0.05% for every increase of Rs. 5000 crores of the daily net assets
- (vii) On the balance of the assets - 1.05%

**Fungibility of expenses:** The expenses towards Investment Management and Advisory Fees under Regulation 52 (2) and the various sub-heads of recurring expenses mentioned under Regulation 52 (4) of SEBI (MF) Regulations are fungible in nature. Thus, there shall be no internal sub-limits within the expense ratio for expense heads mentioned under Regulation 52(2) and (4) respectively. Further, the additional expenses under Regulation 52(6A)(c) may be incurred either towards investment & advisory fees and/or towards other expense heads as stated above. These estimates have been made in good faith as per the information available to the Investment Manager and are subject to change inter-se or in total subject to prevailing Regulations. Type of expenses charged shall be as per the SEBI Regulations. The AMC will charge the Scheme such actual expenses incurred, subject to the statutory limit prescribed in the Regulations.

In addition to the limits as specified in Regulation 52(6) of SEBI (Mutual Funds) Regulations 1996 [‘SEBI Regulations’] or the Total Recurring Expenses (Total Expense Limit) as specified above, the following costs or expenses may be charged to the scheme namely:-

Additional expenses for gross new inflows from specified cities:

- (a) expenses not exceeding of 0.30 per cent of daily net assets, if the new inflows from such cities as specified by SEBI from time to time are at least -
  - (i) 30 per cent of gross new inflows in the scheme, or;
  - (ii) 15 per cent of the average assets under management (year to date) of the scheme, whichever is higher:

Provided that if inflows from such cities is less than the higher of sub-clause (i) or sub-clause (ii), such expenses on daily net assets of the Scheme shall be charged on proportionate basis.

Provided further that, expenses charged under this clause shall be utilised for distribution expenses incurred for bringing inflows from such cities.

Provided further that amount incurred as expense on account of inflows from such cities shall be credited back to the Scheme in case the said inflows are redeemed within a period of one year from the date of investment.

Currently, SEBI has specified that the above additional expenses may be charged for inflows from beyond ‘Top 30 cities.’ The top 30 cities shall mean top 30 cities based on Association of Mutual Funds

in India (AMFI) data on 'AUM by Geography – Consolidated Data for Mutual Fund Industry' as at the end of the previous financial year.

This sub clause (a) shall be applicable for inflows received during the NFO period.

#### **Additional expenses under regulation 52 (6A) (c)**

^(b) GST payable on investment and advisory service fees ('AMC fees') charged by Mirae Asset Global Investments (India) Private Limited ('Mirae Asset AMC');

Further, the close ended schemes or schemes where no exit loads is charged shall not be eligible to charge additional expenses under regulation 52 (6A) (c), in terms of SEBI circular dated Feb 2, 2018.

Within the Total Expense Limit chargeable to the Scheme, following will be charged to the Scheme:

- (a) GST on other than investment and advisory fees, if any, (including on brokerage and transaction costs on execution of trades) shall be borne by the Scheme;
- (b) Investor education and awareness initiative fees of at least 2 basis points on daily net assets of respective Scheme.

Any expenditure in excess of the SEBI regulatory limits shall be borne by the AMC or the Sponsor.

The current expense ratios will be updated on the AMC website <https://miraeassetmf.co.in/downloads/regulatory> at least 3 working days prior to the effective date of the change.

Further, the notice of change in base TER (i.e. TER excluding additional expenses provided in Regulation 52(6A) (b) and 52(6A)(c) of SEBI (Mutual Funds) Regulations, 1996) in comparison to previous base TER charged to the scheme will be communicated to investors of the scheme through notice via email or SMS at least three working days prior to effecting such change.

However, any decrease in TER due to decrease in applicable limits as prescribed in Regulation 52 (6) (i.e. due to increase in daily net assets of the scheme) would not require issuance of any prior notice to the investors. Further, such decrease in TER will be immediately communicated to investors of the scheme through email or SMS and uploaded on the AMC website.

The above change in the base TER in comparison to previous base TER charged to the scheme shall be intimated to the Board of Directors of AMC along with the rationale recorded in writing.

The changes in TER shall also be placed before the Trustees on quarterly basis along with rationale for such changes.

#### **TRANSACTION CHARGES:**

SEBI with the intent to enable investment by people with small saving potential and to increase reach of Mutual Fund products in urban areas and in smaller towns, wherein the role of the distributor is vital, has allowed AMCs vide its circular no. Cir/IMD/DF/13/2011 dated August 22, 2011 to deduct transaction charges for subscription of Rs. 10,000/- and above. The said transaction charges will be paid to the distributors of the Mutual Fund products (based on the type of product).

In accordance with the said circular, AMC / Mutual Fund will deduct the transaction charges from the subscription amount and pay to the distributors (based on the type of product and those who have opted to receive the transaction charges) as shown in the table below. Thereafter, the balance of the subscription amount shall be invested.

(i) Transaction charges shall be deducted for Applications for purchase/ subscription received by distributor/ agent as under:

Investor Type	Transaction Charges
<b>First Time Mutual Fund Investor</b>	Transaction charge of Rs.150/- for subscription of Rs.10,000 and above will be deducted from the subscription amount and paid to the distributor/agent of the first time investor. The balance of the subscription amount shall be invested.
<b>Investor other than First Time Mutual Fund Investor</b>	Transaction charge of Rs. 100/- per subscription of Rs, 10,000 and above will be deducted from the subscription amount and paid to the distributor/ agent of the investor. The balance of the subscription amount shall be invested.

(ii) **Transaction charges shall not be deducted for:**

- Purchases /subscriptions for an amount less than Rs. 10,000/-; and
- Transactions other than purchases/ subscriptions relating to new inflows such as Switches, etc.
- Any purchase/subscription made directly with the Fund (i.e. not through any distributor/ agent).
- Transactions carried out through the stock exchange platforms.

## C LOAD STRUCTURE

Load is an amount which is paid by the investor to subscribe to the units or to redeem from the scheme. This amount is used by the AMC to pay commissions to the distributor and to take care of other marketing and selling expenses. Load amounts are variable and are subject to change from time to time.

**Investors are advised to contact any of the ISCs or the AMC by calling the investor line of the AMC at "1800 2090 777" to know the current applicable load structure prior to investing. Investors can also visit the website at [www.miraeassetmf.co.in](http://www.miraeassetmf.co.in) for complete details.**

**Entry Load: Not Applicable:** In accordance with SEBI circular no. SEBI/IMD/CIR No. 4/168230/09 dated June 30, 2009, no entry load will be charged by the Scheme to the investor. Similarly, no entry load will be charged with respect to applications for registrations under Systematic Investment Plan (SIP) / Systematic Transfer Plan (STP) accepted by the Mutual Fund with effect from August, 1, 2009.

### Exit Load:

If redeemed within 1 year (365 days) from the date of allotment: 1%  
If redeemed after 1 year (365 days) from the date of allotment: NIL.

As per SEBI/IMD/CIR No. 14/120784/08 dated March 18, 2008, no load would be charged on Bonus units.

The investor is requested to check the prevailing load structure of the scheme before investing. No exit load is chargeable in case of switches made between different options of schemes, subject to regulations, the Trustee retains the right to change / impose an Exit Load. A Switch-Out/Withdrawal under SWP will also attract an exit load like any redemption. Exit load is applicable for all the Plans (i.e. the Regular Plan & the Direct Plan) under the Scheme by applying First in First Out basis. No Exit Load is chargeable in case of switches made between different Sub-options of the same plan. To elaborate, units for redemption/SWP transactions are extinguished based on the first-in first-out methodology. The holding period for particular units is calculated from the date of its allotment. If the unit balance, so wish to be redeemed does not fulfill the minimum number of days (as per the exit load structure), appropriate number of balance such units will be charged an exit load. All such units which have completed the minimum number of days as per exit load structure will not be charged any exit load.

For any change in load structure AMC will issue an addendum and display it on the website/Investor Service Centres.

The Mutual Fund may charge the load within the stipulated limit of 7% and without any discrimination to any specific group. The Repurchase Price however, will not be lower than 93% of the NAV, and the Sale Price will not be higher than 107% of the NAV, provided that the difference between the Repurchase price and Sale price at any point in time shall not exceed the permitted limit as prescribed by SEBI from time to time which is presently 7% calculated on the Sale Price.

All Loads are intended to enable the AMC to recover expenses incurred for promotion or distribution and sales of the Units of the Scheme. The Fund/AMC shall retain the load, in the Scheme in a separate account and use it to cover the cost of raising/redeeming units on a continuous basis by way of providing redemption/distribution related services to the Fund relating to the sale, promotion, advertising and marketing of the units of the Scheme and costs associated with liquidating the Fund's investment securities, including payments for postage and also payments to brokers for their services in connection with the redemption/distribution of the units. Surplus of load, if any, charged over planned marketing and distribution expenses will be credited to the scheme, whenever felt appropriate by the AMC.

The Trustee reserves the right to modify/alter the load structure and may decide to charge an exit load on the Units with prospective effect, subject to the maximum limits as prescribed under the SEBI Regulations. At the time of changing the load structure, the AMC shall take the following steps:

- A public notice shall be given in respect of such changes in one English daily newspaper having nationwide circulation as well as in a newspaper published in the language of region where the Head Office of the Mutual Fund is situated.
- Arrangements shall be made to display the changes/modifications in the SID in the form of a notice in all the Mirae Asset ISCs' and distributors' offices.
- The notice-cum-addendum detailing the changes shall be attached to SIDs and Key Information Memoranda. The addendum will be circulated to all the distributors so that the same can be attached to all SIDs and Key Information Memoranda already in stock.
- The introduction of the exit load along with the details shall be stamped in the acknowledgement slip issued to the investors on submission of the application form and may also be disclosed in the statement of accounts issued after the introduction of such load.
- Any other measures which the mutual funds may feel necessary.

The AMC may change the load from time to time and in case of an exit/repurchase load this may be linked to the period of holding. It may be noted that any such change in the load structure shall be applicable on prospective investment only. The exit load (net off GST, if any, payable in respect of the same) shall be credited to the Scheme of the Fund.

The distributors should disclose all the commissions (in the form of trail commission or any other mode) payable to them for the different competing schemes of various mutual funds from amongst which the scheme is being recommended to the investor.
